## **WELCOME!**

Greetings in the name of our wonderful Lord and Savior Jesus christ!

Faith Temple CBST and Graduate School was founded in August 2019 and is an independent educational ministry of the local church and does not interfere with the local church's life, its discipline, or its doctrinal emphasis.

We have national and interantional students and a presence that is global. Even though we are an international reach we offer individual programs of study which meets each students own unique needs.

The international office of Faith Temple CBST and Graduate Schools is located in Boca Raton, Florida, and is always available to provide assistance and support to our Extension Campuses and students. Should you need and additional information or if we can be of service to you, please contact us at our office 561-710-0608.

Come and join with us as we labor together for Him to spread the word to the lost and dying world.

Because of Him,

## *Introduction*

### **Mission Statement**

The primary mission of Faith Temple CBST College and Graduate School is *to equip men and women to minister the Word of God with power, to heal the broken hearted, and to set the captives free.*

Our vision is *to provide quality, non-traditional education at an affordable price through educators who work in excellence, integrity, honesty and creativity with the needs of the students as a priority.*

### **Reflected in Our Educational Philosophy**

Faith Temple CBST is committed to the helping you learn to live the spirit-led life. Through the local Bible College you will learn sound and balance doctrine, how to use your Bible wisely, and how to separate truth from error. The result should be spiritual growth, professional training, and a greater ability to serve Christ successfully.

We have a special motivation to equip men and women to go out and pioneer new churches or develop special ministries in existing churches, both in this country and overseas. These are churches that reflect our emphasis upon the Word of God, the exercise bold faith, that knows the believer's victory in Christ, that use spiritual gifts, and that display vigorous confidence in the triumph of the kingdom of God.

### **Reflected in Our Curriculum**

Our curriculum centers on three major learning streams:

- ***The Bible***: To understand better and handle more wisely the sacred scriptures (I timothy 4:6-16; 6:3-5; II timothy 2:15).
- **Character Growth**: to strive towards "The measure of the stature of the fullness of Christ" and reach toward maturity and leadership and servanthood (Ephesians 4:13-16).

- ***Preparation of ministry:*** To enable each person to discover his or her calling in God, and to serve Christ and the church successfully (Ephesians 4:11-12; Romans 12:1-7; I Corinthians 2:4-31, Act 1:8).

## *Program Methodology*

To provide quality continuing education amidst the growing constraint of time and money, as well as the demands of ministry, faith temple sbct offers the following flexible “ multi track” educational programs:

- *Traditional Track*- Conventional classroom method. Classes meet day or night, often integrated into the normal teaching times of the local church (i.e. Wednesday evenings or Sunday morning).
- *Independence Study Track*- tutorials or correspondence (non traditional) method. Individually customized courses that are not available in a traditional or seminar format. Coursework is completed at the students convenience within a specified period of time. Teachers monitor the progress of the student and are available to answer questions.
- *Intensive Seminar Track*- Saturday (or Friday and Saturday class) with additional course requirements to be completed by the individual. This method combines the best of the traditional and independent study tracks. A student can earn 3 semester hours of credit my attending a 4 to 6 hours seminar and completing additional reading and writing requirements. This approach to learning is now being used by most major universities. This is our most schedule sensitive program.

These three tracks comprise one of the most progressive features of the faith temple SBST. Not only can you provide your students with additional classroom training, but you can also provide the options of professional intensive seminars and personally designed, individuals study programs.

By implementing all three tracks of learning, you will be able to offer the student the opportunity to carry a full compliment of courses within the context of the schedule. Thus, you will effectively remove most obstacles that prevent people them from continuing to complete their educational goals.
